

Glaro Limited Warranty

Glaro products are designed, engineered, and manufactured at the Glaro plant in Hauppauge, Long Island, New York, USA.

Term: Glaro Warranties all products for a period of two years against material defects and workmanship.

Exclusions: Warranty is void if products have been modified, altered, misused, vandalized, improperly installed, abused, improperly maintained, damaged as a result of contaminants, abrasive, caustic or improper cleaning practices, or exposed to extremes of moisture, temperature, sun or that have been used outdoors when "not recommended". This warranty is void if damage results from unauthorized repairs, accident, neglect, fire, flood or other acts of God. Normal wear and tear such as denting, scratching, tarnishing and rusting are specifically excluded from this warranty.

Warranty is non-transferable and is valid for original owner only.

Cleaning and Care Instructions

All Products may be cleaned with a soft cloth dampened with clear water or other mild cleaners like Windex and dried with a soft cloth. Strong, caustic, acidic, or abrasive chemicals will damage the finish and may cause corrosion.

Satin Aluminum (SA) finished products are constructed of aluminum and have a satin polished finish. Almost all products have a high temperature baked on clear powder coat over the satin finish. Satin aluminum is suitable for indoor/outdoor use. Follow the care instructions above.

Satin Brass (BE) finished products are constructed of rust proof aluminum and have a unique brass tinted baked on coating that is tarnish proof. This product is suitable for indoor/outdoor use. Extended exposure to sunlight may result in fading of the brass color over time. Please follow the care instructions above.

Powder Coated Finishes are baked onto rust proof aluminum or galvanized steel. These products are suitable for indoor/outdoor use. Please follow the care instructions listed above.
